Archipelago Brewery holds inspirational Beer Brewing Courses for amateur and professional brewers from around the world. From people wishing to have a go at all grain beer brewing for the first time to specialist Brewing Courses aimed at those in the microbrewery industry

Brewing is a great hobby and can make a good business too. Our expert brewing tutors inspire you to make beer, brew better beer and even make beer your business by setting up your own microbrewery

If you want to obtain a brewing qualification we run our Practical Commercial Brewing Course that teaches to the requirements and syllabus of the Institute of Brewing & Distilling (IBD) and leads to the internationally recognised brewing qualification the General Certificate of Brewing

**Brewers of tomorrow
by professionals of today**
